

Premiering August 10th, 2007, AudioCinema unveils its 2nd annual **AudioCinemaVisualCollective** exhibition.

AC/VC will feature a diverse mix of Portland and west coast artists, featuring an array of mediums including, but not limited to: painting, photography, video, sound, installation and performance.

Where artists would typically be limited by space, AudioCinema combines gallery sensibilities with its 10,000 square foot warehouse charm.

The space lends itself to

2 dimensional, installation, and performance works alike with out leaving the viewer feeling crowded or overwhelmed.

AC/VC hosts over 25 professional working artists in a unique atmosphere.

AC/VC is an AudioCinema produced event curated by Ilan Laks and Erin Walters. Our mission statement is simple: Build community, culture, and camaraderie in a non-competitive atmosphere.

A portion of the proceeds will be donated to P:ear.
